HISTORY

WORLD WAR TWO

What was the impact of WW2 on the people of Britain?

SCIENCE – Evolution & Inheritance

- Explain that the kinds of living things that live on Earth now are different from those that inhabited the Earth millions of years ago, and that fossils provide this information.
- Explain that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.
- Give example of how animals and plants are adapted to suit their environment in different ways and explain that adaption may lead to evolution.
